

# OPEN SCIENCE @VU

# (INTER)NATIONAL CONTEXT

**UNESCO Recommendation  
on Open Science**

**“‘Open science’ en ‘open education’ worden de normen”**

**“Our vision is that the assessment of research, researchers and research organisations recognises the diverse outputs, practices and activities that maximise the quality and impact of research.”**

**“The G7 will collaborate in expanding open science with equitable dissemination of scientific knowledge and publicly funded research outputs”**

<https://en.unesco.org/science-sustainable-future/open-science/recommendation>

<https://coara.eu/>

[https://research-and-innovation.ec.europa.eu/strategy/strategy-2020-2024/our-digital-future/open-science\\_en](https://research-and-innovation.ec.europa.eu/strategy/strategy-2020-2024/our-digital-future/open-science_en)

# WHAT IS OPEN SCIENCE?

“**Open Science** aims to

- make scientific knowledge openly available, accessible and reusable for everyone
- increase scientific collaborations and sharing of information for the benefits of science and society
- open the processes of scientific knowledge creation, evaluation and communication to societal actors beyond the traditional scientific community”

**Quality and integrity**

**Diversity, equity, inclusion**

**Collective benefit**

<https://en.unesco.org/science-sustainable-future/open-science/recommendation>

# Open Science =

Transparency

Reproducibility

Collective Benefit

Collaboration

Equity

# THE SCOPE

## FAIR & RESPONSIBLE RESEARCH

(Open Access)  
Publications

(FAIR) Data &  
Software

(Open) Research  
Process

(Open) Evaluation

(Open) Hardware

## PUBLIC ENGAGEMENT & IMPACT

Valorisation

Science  
Communication

Citizen Science

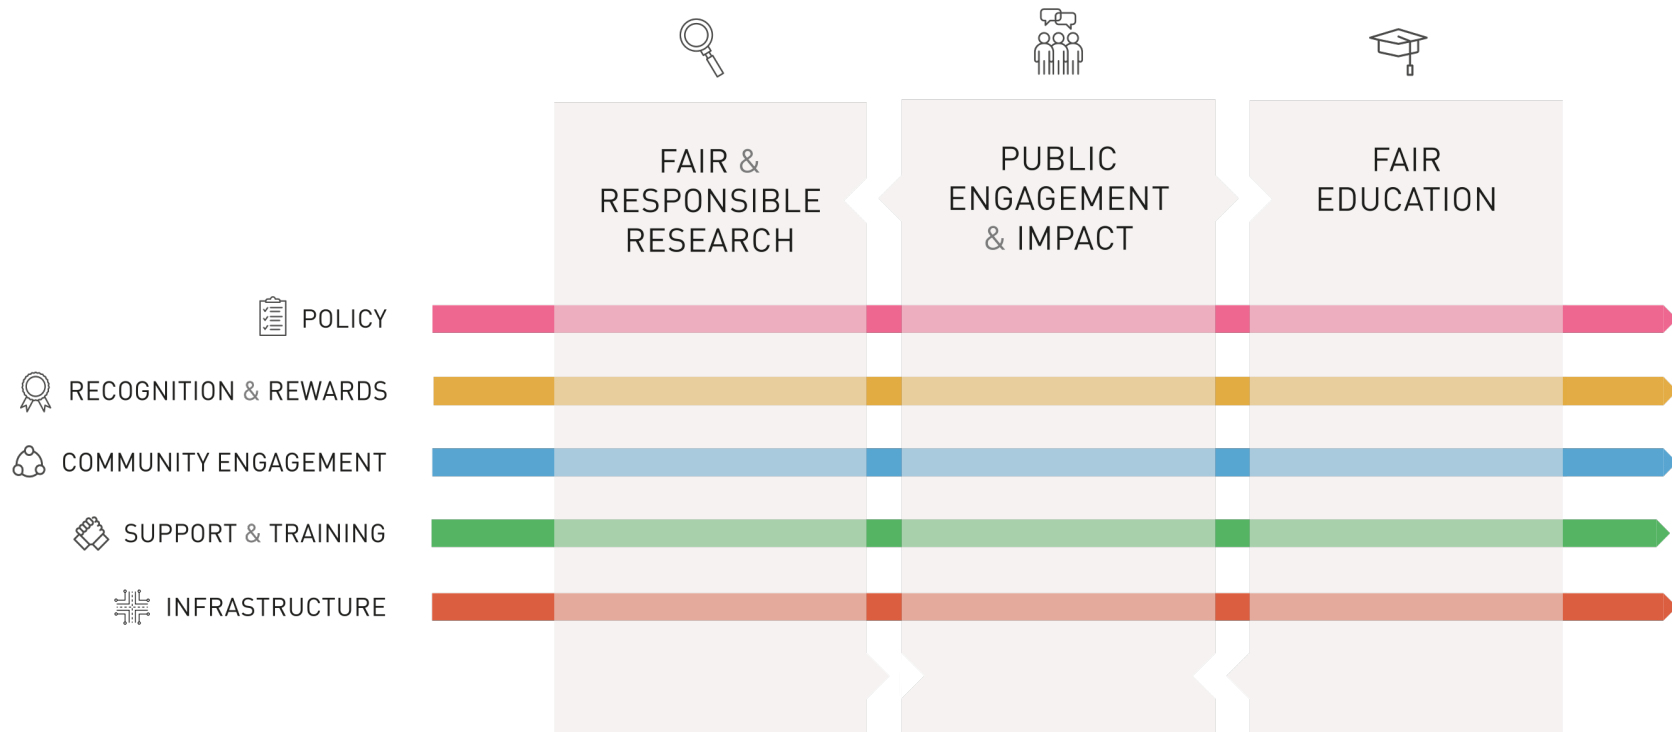

## FAIR & OPEN EDUCATION

(Open) Educational  
Resources

(Open) Educational  
Formats

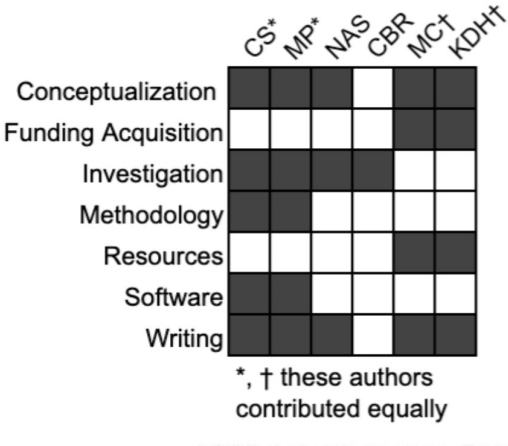

(Open) Pedagogy

# INFRASTRUCTURE FOR CITIZEN SCIENCE

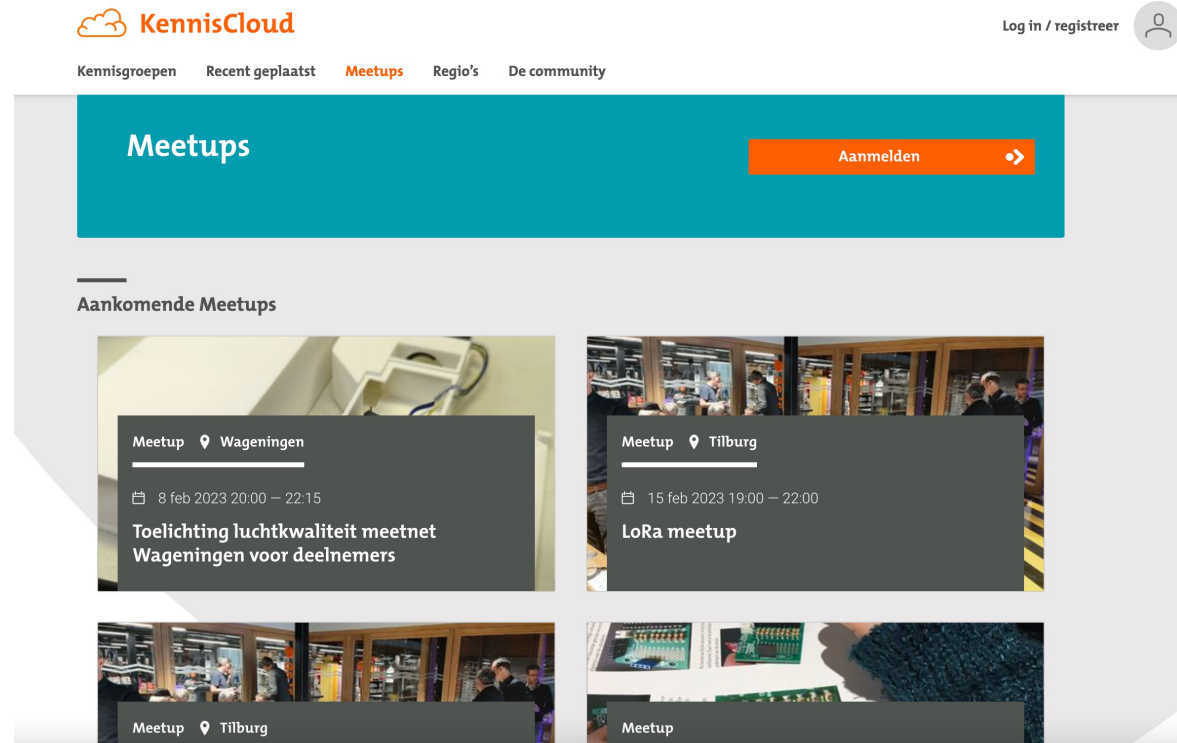

KennisCloud is a network where people, communities and organisations can meet and discuss societally relevant themes

## Offline

- Kennisgroepen
- De Bibliotheek Midden-Brabant (Tilburg)
- Community Librarian

## Online

<https://www.kenniscloud.nl/>

# SUPPORT & TRAINING

*Network RDS*

Strengthening support network at the VU within departments

*OS/RDM for staff*

Embedding of OS/RDM in leadership training

*OS/RDM toolkit*

Toolkit with OS/RDM resources for Ba/Ma

*Carpentries workshops*

Growing a Carpentries community

*Research Software*

*Management*

Pilot SMP, development of support & information

*OER Support*

Creation of an OER Support Desk

**2024**

*NRDS/OS - Build national network on training*

*NRDS/OS - Discipline-specific training/ guidelines for VU researchers*

*OS - Support for knowledge platform [openresearch.amsterdam](https://openresearch.amsterdam)*

*OS - Accessible PhD lay talks*

# OS EVENTS

# KNOWLEDGE EQUITY!

**Knowledge Equity =  
Collective Benefit**

We believe that scientific knowledge  
should benefit everyone.

## Knowledge Equity Symposium

**20 June 2024, 9:30 - 15:00**

Join us for a day of insightful discussions and reflections on Open Science and knowledge equity as we celebrate signing the **Declaration on Knowledge Equity** and joining the **Knowledge Equity Network**.

The event promises to inspire meaningful discussion and collaborative action towards a more equitable and inclusive scientific landscape.

**Register now!**

# OPEN SCIENCE COMMUNITIES

Collaboration with the International Network of Open Science Communities (INOSC) – 12-week incubator programme for new communities

*“bottom-up learning communities of researchers and students for learning and sharing about Open Science”*

<https://osc-international.com/open-science-community-the-netherlands/>  
<https://osc-international.com/start-your-own-osc/>

# RECOGNITION & REWARDS

Diversification and vitalisation of career paths  
Finding a balance between the individual and the collective  
Focus on quality  
Stimulating **Open Science**  
Encouraging academic leadership

More focus on qualitative assessment  
Broader definition of scientific output and success  
**Open Science** as a pillar for assessment  
(e.g. Hong Kong Principles)

## Room for everyone's talent

*towards a new balance in the recognition and rewards of academics*

# RECOGNITION & REWARDS

## Academische Loopbaanpaden

*Road show*

*Open Science NL*

## OPEN ACCESS PERCENTAGES

During the Retrospective Open Access project:

- the Open Access percentages increased with an average of 9,75 percentage point. Baseline analysis could not be performed for 2017 and 2022.
- about 4100 publications in total were made Open Access.
- the average response rate of authors to a requested .pdf was 35%.

# NL UNIVERSITIES' OPEN SCIENCE AGENDA

Universiteiten  
van Nederland }

## Open Infrastructures

1. Federated network repositories
2. Central warehouse for open metadata
3. Public platform for scientific works

## Support & Training

4. Embedding Open Science in research curriculum & training
5. Strengthening capacity for FAIRification
6. Strengthening capacity for societal engagement

## Community Engagement

7. Open Science in education
8. Strengthening Open Science Communities
9. Open Science-practices in quality standards
10. Making OS normative through international collaboration

## Recognition & Rewards

11. Reward Open Science in HR-policy
12. Incorporate Open Science in institutional and national policy
13. Accelerate Open Science

## Policies & regulations

14. Development of funding instruments for Open Science
15. Strengthen Open Science via laws and regulations
16. (Inter)national conditions for purchase or development of digital services
17. Strengthening university policy
18. National monitoring of progress of Open Science
